

# TOWING VESSEL CERTIFICATE *of* INSPECTION (COI) PHASE-IN TABLE

This document was prepared by the USCG Headquarters Office of Commercial Vessel Compliance (CG-CVC) to assist the towing vessel industry and Coast Guard personnel with determining the phase-in requirements for obtaining COIs on towing vessels under Title 46 CFR Subchapter M. This document itself a rule and does not prescribe any additional requirement. Please email questions to [cgcvc@uscg.mil](mailto:cgcvc@uscg.mil).

The below table presents the number of COI inspections required each year during the Subchapter M phase-in period. The below table should only be referenced for fleet sizes of 35 towing vessels or less.

Vessels in Fleet	Number of COI Inspections required by July 22, 2019 (25%)	Number of COI Inspections required by July 20, 2020 (50%)	Number of COI Inspections required by July 19, 2021 (75%)	Number of COI Inspections required by July 19, 2022 (100%)
