

Video Guide to Filling Out Medical Certificate Application Form CG-719K

In keeping with our goal to continuously improve our services to mariners, the National Maritime Center (NMC) has posted a video on our website to help guide mariners and reduce incomplete medical certificate application forms.

The [Video Guide to Filling Out Application Form CG-719K](#) was created to help reduce the need for additional information when processing medical certificate applications submitted to the NMC.

Please take a moment to check it out and let us know what you think. Feedback can be provided via e-mail to iasknmc@uscg.mil.

Sincerely,

/B. W. Clare/
